CES® 2016

January 6-9, 2016 | Las Vegas, NV | #CES2016

CES is segmented by specific product categories and technologies; each centered within a specific area or hall. In addition, you'll find 20 Marketplaces throughout CES to further complement a selection of product categories. Marketplaces are unique exhibit areas that group technology markets together and feature up-and-coming products, services and companies.

Here's a snapshot of how the CES 2016 is organized by these areas of interests across our official show locations.
